SAVE US FROM THE MAN WHO TALKS.
I love the man who knows all,
From East to West, from North to South;
Who knows all things, both great and small,
And tells it with his tireless mouth;
Who holds a listening world in awe
The while he works his iron jaw.

Offtimes in evening's holy calm,
When twilight softens sight and sound
And zephyr breathes a peaceful psalm,
This fellow brings his mouth around,
With his long gallop that can tire
The eight-day clock's impatient ire.

His good, strong mouth! He wields it well!
He works it just for all it's worth.
Not Sanson's jawbone, famed, could tell
Such mighty deeds upon the earth;
He pulls the throttle open wide
And works it hard on either side.

Up hill and down, through swamp and sand,
It never stops; it never balks;
Through air and sky, o'er sea and land,
He talks and talks and talks and talks
And talks and talks and talks and talks
And talks and talks and talks and talks.

Good Lord, from evils fierce and dire
Save us each day; from fear and woe,
From wreck and flood, from storm and fire,
From sudden death, from secret foe,
From blighting rain and burning drought,
And from the man who plays his mouth.

Owing to the severely cold weather
the new Public Library will not be open
on Friday of this week.

Prominent Bowling Green men will ask
Andrew Carnegie for a gift to es-
tablish a free library in that city.

William Russell, aged 17, and Miss
Nora Cotton, aged 15, both of Fayette
county, were married at Lexington.

Dr. S. A. McElroy has declined a call
to the Presbyterian Church at Nicholas-
ville, and will remain at Cynthiana.

Congressman Kehoe introduced bills
for the relief of Margaret Morarity and
Mrs. Ann Jackson; also a bill granting
a pension to Julia G. Murphy, foster
mother of Albert J. Murphy.

improving after a severe illness.

The Hon. A. H. Ward, the Nestor of
the Harrison County Bar, has just cele-
brated his eighty-eighth birthday.

The Paris City Council has accepted
the terms of Andrew Carnegie's offer
of \$12,000 for a free public library.

During last week the Rev. D. P. Holt,
formerly of Maysville, had seventeen
conversions at Jennie De Pauw Me-
morial Church, New Albany, Ind., of
which he is now Pastor.

Go to O. H. P. Thomas & Co., 1:0

ton's most respected citizens, died yes-
terday.

Mr. Sherman Arn has bought of Mr.
Albert Shanklin a lot on East Second
street 45x250 feet for \$900, and in the near
future will erect a handsome home.

The case of Mrs. Mattie E. Boyd Cur-
rent, Postmaster at Centerville, Bour-
bon county, who lost both legs by a
railroad accident in her youth, and
whose affliction, coupled with the ef-
forts of several influential Kentucky
politicians, to remove her from office
attracted much attention two years ago,
has been finally settled by the ac-
ceptance of her resignation at Washing-
ton and the commissioning of John C.
Montgomery as her successor.

Augusta's Tobacco Fair comes off
Saturday.

The Hubbard-Hord nuptials occur to-
morrow at the home of Mr. and Mrs.
Abner Hord in the county.

Mrs. Annie Craig Tolliver, aged 91,
mother of the famous Rowan county
fendists, Craig and Floyd Tolliver, is
dangerously ill at her home near More-
head.

NOT MAYSVILLE.

Senator Deboe to Locate the Post-
office at Mayfield.

A few days ago THE LEDGER pub-
lished a dispatch from Washington
copied from The Louisville Evening
Post, which stated that at the instance
of Senator Deboe the location of the
Maysville Postoffice had been changed.
Postmaster Mathews wrote the Sen-
ator about the matter and the answer
came that he had taken no hand at all
in the business here.

The Senator's visit to the Postoffice
Department at Washington was in the
interest of Mayfield, and not Mays-
ville, as was sent out by newspaper
correspondents.

CLOSING OUT SALE.

Wishing to dispose of my retail stock
by February 1st, I am offering the great-
est cash inducement in our line of
Fancy China, Lamps, Brice-a-Brac and
Dinner Ware. Don't miss the opportu-
nity, as the values are moving fast.
BROWN'S CHINA PALACE.

Representative Kehoe has presented
to Congress a petition from sundry citi-
zens of Kentucky for a reduction of tax
on distilled spirits.

REPORTERS WARNED.

Not To Write Anything About Yout-
sey Grand Jury Hearing.

Circuit Judge Cantrill has warned all
newspaper correspondents at Frankfort
that the publication of rumors and in-
ferences as to what the Grand Jury is
hearing or doing in the Youtsey case
will result in the bringing of the cor-
respondents before the Court and a Jail
sentence for the offenders.

He is doing this, he says, to protect
the members of the Grand Jury, as all
rumors and inferences published tend
to the belief that the Jurors have vio-
lated the oath of secrecy and divulged
what they have heard.

A. O. U. W. OFFICERS.

BLANKETS!...

From the best American makers—and America makes the best blankets—we've gathered such blanket goodness as will appeal to every housewife. On a few lines prices are the same as those quoted in September when we broke the record in blanket value giving, but some lines are even cheaper now and you may be certain the standard of excellence has not been lowered. You can buy an excellent cotton blanket for \$1 and then by easy stages you reach the luxurious elegance of our \$7.50 blanket. A word of our banner blanket—a Mission Mill \$7 blanket for \$5. A finer value the entire American market doesn't offer.

TO CLOSE THE FURS

The brisk selling of the past week has made decided inroads on our fur stock but enough remains to make choosing a pleasure. Prices are about half and you will be sure to find something suited to the lightest purse.

Every Piece of DRESS GOODS

Has had a radical mark down. Not one excepted. We have no hesitation in saying this is the best opportunity to buy a dress, skirt or waist pattern at prices never before offered in Maysville. Black and colors in wool, silk and silk—wool mixtures.

D. HUNT & SON.

"Cheapness"

Without worth is a delusion and a snare. Not a bit of doubt about that. It is one thing to sell good merchandise—Shoes—at low prices and quite another thing to sell cheap stuff. Your own experience tells you which of these inducements is the most profitable in the long run. Our experience is that the people hereabouts want

The..... Best Footwear

They can buy for their money, and our large and in-
creasing trade shows that this policy is proving a win-
ner for us. It is no longer a question of advertising
our lines—they now sell themselves—on merit.

were married recently.

Elisha Brown, who was 94 years old
on Christmas Day, died Monday at his
home near Richmond, Ind. He was
born December 25, 1808, at Cynthiana.

In another place is the attractive ad
of Mr. Charles A. Walther, who has his
tailoring establishment ready for busi-
ness. On hand he has a fine selection
of goods and the best dressers of Mays-
ville can testify to Mr. Walther's
ability to turn out the finest made. He
solicits your patronage and guarantees
his work to please.

GYPSY JACK.

The Enquirer, January 5th, says:—
"Willis Granger enacted the name
part in the romantic English melo-
drama, 'Gypsy Jack,' which was given
its first local presentation at the
Lyceum Theater yesterday before
capacity audiences. During the action
of the piece there are 12 different scenes
of English homes, grounds and country
side, and all are beautiful and realistic.
The play is portable, and such a story
might occur in real life.

"Willis Granger is a strong romantic
actor. He handles the role of Gypsy
Jack, the Roman boy who finally turns
out to be the Lord of Dexter House, in a
commendable manner.

"Joseph Carey is quite a comedian.
He is an improvement over the so-
called funny man in many melodramas
which have appeared here this season."
At Washington Opera-house Satur-
day, matinee and night, January 17th.
Seats go on sale tomorrow morning
at Nelson's.

D. HECHINGER & CO.

It does look as if the people have been waiting for
our Cut Price Sale.

Whilst at this season of the year most merchants
reconcile themselves to just what happens to come along
we take an aggressive stand and hold out inducements that
will make people buy despite the lateness of the winter.
The public recognizes the values we give them in our
Stein-Bloch, Adler Bros. and Garson-Meyer Clothing, all
of which are now sold at

20% Off

From the regular price, and this accounts for the phe-
nomenal business we are now having.

If interested in a Suit or Overcoat for yourself or
boy look in every other clothing house in town before you
come to us. It will not take you long to find out the
cause of our house being constantly crowded with buyers.

The American Line steamer St. Louis, which left Cherbourg a week ago Sunday, and which, under ordinary circumstances, should have reached her pier Sunday noon, is not yet in. The ship is suffering from leaky boilers, which, added to the weather conditions, is doubtless responsible for her delay.

John Mitchell has issued a circular letter to all Unions in the anthracite district calling their attention to the coal famine on the Eastern seaboard. To relieve the situation he requests that all members of the Union co-operate with the management of the mines in an effort to increase the production of coal. He urges that Unions hold meetings and devise means whereby the daily output of the mines may be increased. These efforts, he said, should be continued until the weather moderates and the great necessity for fuel shall have passed. The letter is signed by Mitchell and the Presidents of the three anthracite districts.

The steamer City of Louisville, one of the biggest packets in the Cincinnati and Louisville trade, had a narrow escape from sinking near the wharfboat at Carrollton, Ky., shortly after 2 o'clock Tuesday morning. The big steamer left Louisville Monday night at 5 o'clock for Cincinnati, with Captain Brennan in charge. The river being full of ice, the progress upstream was slow, and the pilots were cautious. In making the landing at the wharfboat a big cake of ice went through her starboard side near the bow, tearing a hole several feet long. Fortunately the damage was a few inches above the water line, and the boat did not take water immediately. The distress whistle sounded and the City of Cincinnati of the same line went to her assistance. The damage was covered with tarpaulins and the boat was at once lightened up. The extremely cold weather made the repair work difficult.

HARD TO EXPLAIN.

If This Had Occurred Anywhere Else Than Maysville Our Readers Might Doubt It.

It's hard to explain how the public can continue to doubt in the face of such evidence. If this were published anywhere else than in Maysville; if the statement given below went the rounds of the press readers in Boston or New Orleans might doubt it. But it's very different when the testimony given comes from a friend, perhaps a neighbor. It is public expression of a local citizen, and can be easily investigated:

Mr. Lamon Dawson, residing at 934 East Second street, says:

"The quick relief from pain in my back which followed the use of Doan's Kidney Pills proved them to possess remarkable powers. I procured them at J. Jas. Wood & Son's Drugstore, corner of West Second and Market streets. From the satisfactory results obtained I can advise all in need of a kidney medicine to give Doan's Pills a trial."

A HEAVY DEATH RATE.

Figures Demonstrate That Madrid Is the Most Unhealthy of All European Capitals.

Statistics recently published by the municipality of Madrid indicate that the Spanish capital possesses—one cannot say "enjoys"—an evil pre-eminence as the most unhealthy of European capitals. Its death rate for the past five years has been about 33 per 1,000—much more than one-third higher than the average death rate of London.

Consumption is the chief cause of death, which is not surprising, for the keen, icy breeze from the Guadarrama, which, as the Spaniards say, "will not put out a candle, but will kill a man," must be fatal to consumptive patients.

The root of the mischief seems to be food adulteration and overcrowding, for 500,000 people are contained in 17,000 houses. That is a state of things for which there is no excuse, unless it be the "eternal want of peace," for there is room enough and to spare on the vast bare plain which surrounds Madrid to build houses enough to accommodate any number of people. The municipality is going to take the matter in hand, but experience teaches us what that means in the land of "to-morrow—or the day after to-morrow."

A Strong Light.

The newest lighthouse on the French coast shows a beam visible at a distance of 39 nautical miles in clear weather. It is situated on the Isle Verger, off the French coast, to the northeast of Ushant, the lantern being 244 feet above sea level.

LESSON IN AMERICAN HISTORY IN PUZZLE

THOMAS JOHNSON NOMINATING WASHINGTON AS COMMANDER IN CHIEF. Find Gen. Washington.

Gen. Artemas Ward was in command of the colonial armies about Boston when the continental congress assembled in Philadelphia, but he was considered too far along in years to be an efficient head of the army. For this reason the congress was forced to select another for the place. The New England colonies suggested Gen. Washington, then a member of the congress, and, acting on this suggestion, Thomas Johnson, of Maryland, placed him in nomination. Washington's commission was dated June 15 1775.

River News

The first tow of Kentucky coal is now on its way to New Orleans in tow of the Kenton, owned by the Paducah Mining Company.

The river is full of floating ice. It is so heavy, too, that navigation will be suspended from now on until further notice by the packets.

John Swasey, who was well known in marine insurance circles, died at his home in Avondale Sunday. His death was due to a stroke of paralysis.

Major S. R. Crumbaugh, the Supervising Inspector of Steam Vessels for this district, will leave for Washington next week to attend the convention of the Government Engineers. They will be in session about three weeks.

Captain Oscar F. Barrett's late purchase, the towboat Louis Houck, will be the "boss" of the Barrett barge line. He will put her on the Marine Ways at Mound City, have her thoroughly overhauled, repaired and repainted. She will have new guards put on, new steel cylinder timbers put in and when ready for business will be a powerful, high-pressure towboat. The increasing business of the Barrett line compelled Captain Barrett to add another boat to his fleet, and he has been fortunate in securing the Louis Houck.

Louisville Post—The steamer Ed Roberts of the Monongahela River Consolidated came to port yesterday, keeping her course through Louisville reach, and taking the Wash Gray on her head, made a strait dive for the canal, passing below without disturbing her tow in the least, while the same ice covered her duck's nest that was formed there at Pittsburgh, every inch of it being perfect. She was in the lead of the coming fleet, followed close by the Gleaner of the People's Coal Company, the latter having sixteen, and the former fourteen, loaded coalboats.

With zero weather and with ice floating in the rivers, navigation about Pittsburgh has been suspended, pending the moderating of the weather. The Keystone State and Ben Hur, Ohio river packets, tied up to await better conditions. Towboats coming up the Ohio had to go to the bank. While the Ohio is not frozen over at any one point, the heavy ice forming at places along the banks and breaking away and that floating out of the other rivers makes navigation hazardous. The Allegheny is frozen over about one mile in length between Sharpsburg and Millvale, while almost all the tributaries present one solid sheet of ice. No accidents have been reported. The predictions for a continuance of cold weather makes the matter of river movements seem out of question for probably a week. The tugs and towboats setting coal down from the upper pools are keeping the Monongahela river locks free from heavy freezing.

DEADLY WHITE RICE.

Chinese Article of Diet Blamed for the Plague Beriberi.

Capt. Littlefield, an American Army Surgeon, Reports the Results of His Observations in Military Prison at Pangasinan.

Capt. Harry Littlefield, an army surgeon, on duty in one of the military prisons in Pangasinan, has discovered that beriberi, the most fatal disease of the orient, is caused by Chinese white rice. His report on this subject, received by Surgeon General Sternberg, is as follows: "Since the establishment of this prison until February 1 of this year the native prisoners have been supplied with Chinese white rice. During this time beriberi has been markedly epidemic in the prison.

"The records of this office show that the deaths have averaged five monthly, while the number of new cases was about 12. When prisoners were reported sick with beriberi they were removed from the prison to a building about half a mile away. The upper story of the building was used as a hospital, the difference between conditions existing at the beriberi hospital and the prison being only the higher elevation of the former.

"The diet supplied was the same at both places. Many of the cases at the beriberi hospital continued to grow serious and died. The majority of those who did recover did so after a long illness, and many of them suffered from numerous relapses. During the month of January there were 35 cases in the beriberi hospital, and as many in the prison were slightly affected. The sanitary conditions were excellent.

In the civil prison, not more than one-fourth of a mile distant, there were confined a large number of natives, and the sanitary condition was not as satisfactory as that in the military prison. The inmates were more crowded, in poorer buildings, and not in the open air more than the natives confined in the military prison. In this prison there were no beriberi cases, the only difference existing in favor of the civil prison being that of the ration, which was purchased in the open market.

"At the beginning of February of this year, upon the recommendation of the prison surgeon, the use of the Chinese white rice, which is supplied by the commissary, was discontinued, and native rice from the open market purchased in its place. Since that time no new cases of beriberi have developed and no deaths have occurred. The mild cases which were in the prison have all recovered.

"This marked change occurred in the space of one month, and the only apparent difference existing during this period and previous times was that of the rice supply. From these facts it would seem that the cause of beriberi in this prison has been the use of the Chinese rice of the white variety."

AN ARMY OF IMMIGRANTS.

Nearly Thirty Thousand from Various Parts of Europe Pass Through New York in One Week.

The rush of immigrants to the port of New York which has signaled the first four months of the year, reached a climax last week during which time 29,519 immigrants have been brought to the city from the various European ports. The total number of immigrants arriving at New York for the four months ending April 30 was 178,604, over 30,000 more than ever arrived during the same period. The record this year is: January, 18,243; February, 20,519; March, 57,175; April 73,667.

The total number landing at New York last year was 438,868. No less than 12,340 immigrants were landed at Ellis Island in one day recently.

In all the history of handling immigrants through the bureau office landing the police never had so much trouble to restrain the crowds which flocked to the battery to see the people come over from Ellis Island.

SABBATH DISPUTE STIRS JEWS

Question Discussed at Conference of American Rabbis But No Action Is Taken.

The conference of American rabbis at its session in New Orleans took up the question of the transference of the Jewish Sabbath to the Christian Sunday, a topic of intense interest to every Jew in the United States. There was much nervous tension exhibited by the members of the conference while the subject was under discussion.

A strong tendency developed in favor of such a transfer, but the opponents of the idea were many, the adherents of the old Moslem Sabbath holding that such a movement would be a blow at the fundamental principles of the Hebrew faith, a recognition of the resurrection.

Strong pleas were made for the revival of the Sabbath's significance, the keynote of the speeches being either revive the Sabbath or transfer it to Sunday.

The Ins and Outs of Soda Crackers

Soda crackers fresh from the oven are good—delicious—
—if exposed to the air they quickly lose that goodness—
—much of it in a few minutes—most of it in an hour—
—all of it in a day.

—That's why the common kind, the paper-bag kind, have lost their flavor before you get them.

—In Uneeda Biscuit there's a difference—a big difference because they are packed at the oven door in the famous In-er-seal Package—the package with red and white seal—an invention for preserving the goodness of biscuit; an airtight and germ proof covering which holds within the oven-fresh flavor of Uneeda Biscuit.

—and keeps without the undesirable flavors of all other things

—that's one reason why millions buy Uneeda Biscuit. Another reason is the price—

KODOL Weak Hearts

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.

Kodol Digests What You Eat

Mrs. Loring Nichols of Penn Yan, N. Y., writes: After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured.

Kodol cures indigestion, dyspepsia and all stomach disorders, and gives the heart a full, free and untrammelled action.

MRS. HELENA BLAU, Young Milwaukee Society Woman.

TEN thousand cured women have written to tell how Wine of Cardui bestows the blessing of health on every woman who takes it, rich and poor alike. Mrs. Helena Blau, No. 123 Seventh Street, Milwaukee, Wis., is one of the young women whom Wine of Cardui has rescued from a life of suffering. She writes:

"Wine of Cardui is certainly 'worn out' women's best friend and I am pleased to give my experience with it. A few months ago I caught a severe cold, having been out in inclement weather, which settled all over me, particularly in the abdomen. I was in almost constant pain. I consulted a physician and took his medicine for a month and without any relief. I then decided I would try your medicine and it was a lucky day for me when I did so. I noticed a change in a few days and felt encouraged to continue taking Wine of Cardui, and my patience was rewarded, for in two weeks my pains had left me and I felt like a new woman."

The woman who has suffered from female weakness should do anything within reason to secure health. Wine of Cardui is the medicine that appeals to reasonable women—women who hold operations and cutting in horror—women who know that Nature is the best physician. Wine of Cardui gives women back their health by giving Nature a chance to build up the wasted and diseased tissue. Wine of Cardui regulates the menstrual flow and Nature, when relieved of the drains or of the poisons in the system, makes the functional organs strong and healthy again. Any woman who is silently suffering untold pains because she is too sensitive to undergo a physician's examination and treatment can find no excuse for not securing relief when Wine of Cardui is offered to her. There is no publicity to deter her. She can take Wine of Cardui in the privacy of her home, with as much assurance of a final cure as though a dozen doctors recommended it. Many physicians do recommend Wine of Cardui to their patients. Why not get a \$1.00 bottle of Wine of Cardui from your druggist today?

The Rev. T. DeWitt Talmage says: "A newspaper whose columns overflow with the advertisements of business men has more influence in attracting attention to any building up a city or town than any other agency that can be imagined. People go where there is business. Capital and labor will locate where there is enterprising community. No power on earth is so strong to build up a town as newspapers well patronized, and this power should be appreciated."
